# About Us

AAS Foundation is a non-governmental organization (NGO) based in Chapra, Bihar, dedicated to promoting socio-economic and educational development. Established in January 2024 by Usha Devi, the foundation aims to uplift and support underprivileged sections of society.

The organization focuses on providing free education, healthcare services, and skill development programs to those in need. By addressing critical social issues, AAS Foundation strives to create a positive impact on the lives of individuals and communities.

Registered with NITI Aayog under the registration number BR/2024/0406372, the foundation operates with transparency and dedication. Through various initiatives, AAS Foundation works tirelessly to ensure that every individual has the opportunity to thrive and contribute meaningfully to society.

# Our Mission and Vision

## Mission

AAS Foundation's mission is to drive positive change by addressing critical social issues and providing support to underserved populations. The organization is dedicated to enhancing educational opportunities, improving healthcare access, and fostering community development.

## Vision

The foundation envisions a world where every individual has the opportunity to thrive and make meaningful contributions to their community. By focusing on equitable access to education, healthcare, and essential resources, AAS Foundation aims to empower individuals and promote sustainable development.

# Founder's Message

**Mrs. Usha Devi**

Dear Friends,

Welcome to Aas Foundation!

Our mission is to uplift the underprivileged by providing free education, healthcare, and environmental initiatives. We aim to empower individuals with the skills they need for a better future.

I am grateful for the support of our volunteers and community members. Together, we can make a significant impact and bring hope to those in need. Join us in our mission to create a more equitable and compassionate society.

Thank you for your support.

# FOUNDER LEADING BY EXAMPLE

The founder is personally guiding and teaching children, ensuring access to free and quality education. Through her direct involvement, she creates a supportive learning environment where every child feels encouraged to grow and learn. Her efforts reflect a strong commitment to empowering young minds through free education.

A health camp has been organized by the NGO, where doctors are examining patients and providing essential medical care. The founder is present at the site to ensure that all arrangements are running smoothly and that every patient receives proper attention and care. Her presence reflects the NGO's commitment to responsible service and community well-being.

The founder is seen watering plants, actively promoting environmental care and sustainability. Through such hands-on efforts, she raises awareness about protecting nature and nurturing a greener future.

Her actions reflect a strong commitment to environmental responsibility alongside social service.

The photograph shows the NGO's founder deeply engaged in administrative and planning work, reflecting her hands-on leadership and sense of responsibility. Her focused approach highlights the dedication with which she manages the organization's activities, documentation, and future initiatives.

This image represents her commitment to transparency, organization, and tireless effort behind the scenes to ensure the NGO's mission is carried out effectively.

In the second photograph, the founder is seen leading a meeting with NGO members, engaging in thoughtful discussion and collaborative planning. The setting reflects a culture of teamwork, shared responsibility, and collective decision-making.

This moment captures her role as a guiding force, bringing members together to strategize, address challenges, and strengthen the NGO's impact through unity and clear vision.

# Educational Initiatives

Education is the cornerstone of personal and societal development. AAS Foundation provides free educational opportunities to children and adults who cannot afford formal schooling. Our goal is to ensure that everyone has access to quality education, regardless of their financial situation.

Through scholarships, learning materials, and dedicated programs, we strive to promote academic and personal growth. By investing in education, we empower individuals to break the cycle of poverty and build a brighter future.

# EDUCATION

In India, quality education does not reach every household, and many families are not financially capable of providing proper educational opportunities to their children. Recognizing this gap, our NGO is committed to supporting education to the fullest extent of its capacity, ensuring that as many children as possible receive access to learning and growth opportunities.

We firmly believe that education is the foundation of a stronger and more equitable society. Through our efforts, we aim to empower underprivileged children with knowledge, confidence, and hope for a better future.

## Incremental Growth

Our NGO is establishing free coaching centers in various locations, exclusively for primary-level students.

By offering free and accessible coaching, we strive to strengthen basic concepts, build confidence, and create a strong academic foundation for every child.

Along with free coaching, we also provide essential learning materials such as notebooks, textbooks, pens, pencils, and other basic stationery to students in need. These resources are distributed free of cost to ensure that financial limitations never become a barrier to a child's education.

# Healthcare Services

Healthcare is a fundamental human right. AAS Foundation offers free medical services to individuals in need, ensuring that everyone has access to essential healthcare. Our medical services include regular health check-ups, treatment for common ailments, and access to necessary medications.

We also organize health awareness initiatives to educate communities about preventive care and healthy living practices. By improving healthcare access and quality, we aim to enhance the overall well-being of the communities we serve.

# Healthcare Services

# Skill Development Programs

Empowering individuals with the right skills is crucial for their personal and professional growth. Our Training Centre for P/G offers skill development programs designed to enhance employability and improve livelihoods. The training programs cover a wide range of vocational and technical skills to help individuals become self-reliant.

By providing these opportunities, we aim to reduce unemployment and promote economic empowerment within the communities we serve.
